

Crown Castle Fiber, LLC
 10980 Grantchester Way
 4th Floor
 Columbia, MD 21044

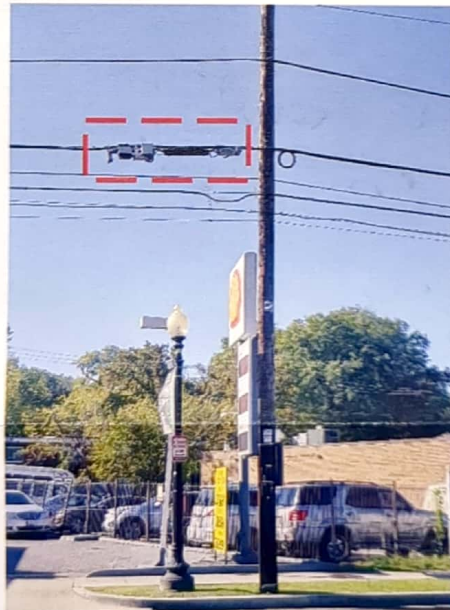

Date

HILLCREST/MARLOW HEIGHTS CIVIC ASSOCIATION
 PO BOX 799
 TEMPLE HILLS MD 20757-0799

Crown Castle is in the process of expanding and improving its wireless network throughout Maryland. Development of this network requires that a series of wireless antenna sites be developed to carry mobile telecommunication radio signals throughout the Mid-Atlantic region. A photo of a similar installation in Washington DC is below.

This letter is a notification that Crown Castle has made an application to the Prince George's County Telecommunications Transmission Facility Coordinating Committee (TFCC) to construct a new strand mounted telecommunication facility using existing wood poles in a public right of way. The location of the proposed locations is the utility pole at:

<u>Adjacent Address</u>	<u>Site ID</u>	<u>Latitude</u>	<u>Longitude</u>
2801 COLEBROOKE DRIVE	PGC-104	38.839435	-76.951623

A briefing will be provided at a mutually convenient time to those who make a request to us within 30 days of this mailing.

If you have any questions or are requesting a briefing, please contact me at PGCpermitting@crowncastle.com.

Sincerely,

Heather McComas
 Permitting Manager
